DEVAKSH BHAGAT

DATA SCIENTIST

+91 9662413566 | devakshbhagat8@gmail.com | linkedin.com/in/devakshbhagat/

PROFESSIONAL OVERVIEW

Data Scientist with hands-on, industry level projects in GenAI, Ollama, Streamlit & VectorDB. Built several intermediate-level projects with real-life applications. Strong in problem-solving, data handling, and applying ML techniques to real-world problems. Quick learner with strong communication skills, team spirit, responsive and accepting constructive feedback.

WORK EXPERIENCE

GTasterix Pvt. Ltd | Data Science Engineer — May 25

- Handling LLM projects like RAG chatbot which could take multiple docs/pdfs at a time
- The RAG model would first vectorize the entire data into small chunks and make a context vector
- Finally, the RAG model would retrieve answers from the data and save the data in DB for future purposes

NetNimbus | Data Science Intern — Jun 23 - Oct 24

- Backtesting engine for trading strategies, file upload to ingest historical market data (CSV with a close column).
- Sidebar sliders to set SMA short and long windows, real-time strategy generation, and backtesting.
- Portfolio value chart and signal visualization and summary of initial cash, final portfolio value, and P&L.

PROJECTS

Bulls and Cows — Nov 25 - Dec 25

- Each player secretly writes a 4-digit number, usually unique (no repetitions)
- Players take turns guessing the opponent's number, feedback is given after each turn
- Bull -> Correct digit in correct position, Cow -> Correct digit in wrong position

PixelRunner — Feb 25 - Mar 25

- PixelRunner is a 2D side-scrolling platform designed for RL environment and its agents.
- To make real-time decisions about movement like jump and move, obstacles have been put.
- Rewards and penalties depend on Survival and collision of the agent in the grid.

TEACHING ASSISTANT

ReactJs, Web Development Basics — Jan 23 - May 23
Python Basics, OOPS — Oct 22 - Jan 23

SKILLS

Communication	Data Science	MySQL	Generative AI
Client Dealing	Numpy	VectorDB	Prompt Engg.
Adaptability	Pandas	LLMs	Tensorflow
Decision-making	Scikit-Learn	Flask	NLP

EDUCATION

MIT-WPU, Kothrud | Pune | Master's in Data Science and Analytics — Aug 22 – July 24
DY Patil School of Engineering | Pune | BE Computer Engineering — Jul 18 - Jun 22
